4.7. Additional information not requested by IUCN should not be included in your Proposal and will not be taken into account in the evaluation.

4.8. Your proposal must remain valid and capable of acceptance by IUCN for a period of 90 calendar days following the submission deadline.
4.9. Withdrawals and Changes

You may freely withdraw or change your proposal at any time prior to the submission deadline by written notice to the IUCN Contact. However, in order to reduce the risk of fraud, no changes or withdrawals will be accepted after the submission deadline.

5. Evaluation of proposals

5.1. Completeness

IUCN will first check your proposal for completeness. Incomplete proposals will not be considered further.

5.2. Technical Evaluation

5.2.1. Scoring Method

Your proposal will be assigned a score from 0 to 10 for each of the technical evaluation criteria, such that ‘0’ is low and ‘10’ is high.

5.2.2. Minimum Quality Thresholds

Proposals that receive a score of ‘0’ for any of the criteria will not be considered further.

5.2.3. Technical Score

Your score for each technical evaluation criterion will be multiplied with the respective relative weight (see Section 4.4) and these weighted scores added together to give your proposal’s overall technical score.

5.3. Financial Evaluation and Financial Scores

The financial evaluation will be based upon the full total price you submit. Your financial proposal will receive a score calculated by dividing the lowest financial proposal that has passed the minimum quality thresholds (see Section 5.2.2) by the total price of your financial proposal.

Thus, for example, if your financial proposal is for a total of CHF 100 and the lowest financial proposal is CHF 80, you will receive a financial score of \( \frac{80}{100} = 80\% \)

5.4. Total Score

Your proposal’s total score will be calculated as the weighted sum of your technical score and your financial score.

The relative weights will be:

Technical: \( 70\% \)

Financial: \( 30\% \)

Thus, for example, if your technical score is 83% and your financial score is 77%, you will receive a total score of \( 83 \times 70\% + 77 \times 30\% = 58.1\% + 23.1\% = 81.2\% \).

Subject to the requirements in Sections 4 and 7, IUCN will award the contract to the bidder whose proposal achieves the highest total score.
6. **Explanation of procurement procedure**
   6.1. IUCN is using the Invitation Procedure for this procurement. This means that only invited bidders may submit a proposal. IUCN typically invites from four to six bidders to submit a proposal.
   6.2. You are welcome to ask questions or seek clarification regarding this procurement. Please email the IUCN Contact (see Section 2), taking note of the deadline for submission of questions in Section 3.1.
   6.3. All proposals must be received by the submission deadline in Section 3.1 above. Late proposals will not be considered. All proposals received by the submission deadline will be evaluated by a team of two or more evaluators in accordance with the evaluation criteria stated in this RfP. No other criteria will be used to evaluate proposals. The contract will be awarded to the bidder whose proposal received the highest Total Score. IUCN does, however, reserve the right to cancel the procurement and not award a contract at all.
   6.4. IUCN will contact the bidder with the highest-scoring proposal to finalise the contract. We will contact unsuccessful bidders after the contract has been awarded and provide detailed feedback. The timetable in Section 3.1 gives an estimate of when we expect to have completed the contract award, but this date may change depending on how long the evaluation of proposals takes.

7. **Conditions for participation in this procurement**
   7.1. To participate in this procurement, you are required to submit a proposal, which fully complies with the instructions in this RfP and the Attachments.
      7.1.1. It is your responsibility to ensure that you have submitted a complete and fully compliant proposal.
      7.1.2. Any incomplete or incorrectly completed proposal submission may be deemed non-compliant, and as a result you may be unable to proceed further in the procurement process.
      7.1.3. IUCN will query any obvious clerical errors in your proposal and may, at IUCN’s sole discretion, allow you to correct these, but only if doing so could not be perceived as giving you an unfair advantage.

7.5. Each bidder shall submit only one proposal, either individually or as a partner in a joint venture. In case of joint venture, one company shall not be allowed to participate in two different joint ventures in the same procurement nor shall a company be allowed to submit a proposal both on its behalf and as part of a joint venture for the same procurement. A bidder who submits or participates in more than one proposal (other than as a subcontractor or in cases of alternatives that have been permitted or requested) shall cause all the proposals with the bidder’s participation to be disqualified.

7.6. By taking part in this procurement, you accept the conditions set out in this RfP, including the following:
   • It is unacceptable to give or offer any gift or consideration to an employee or other representative of IUCN as a reward or inducement in relation to the awarding of a contract. Such action will give IUCN the right to exclude you from this and any future procurements, and to terminate any contract that may have been signed with you.
   • Any attempt to obtain information from an employee or other representative of IUCN concerning another bidder will result in disqualification.
   • Any price fixing or collusion with other bidders in relation to this procurement shall give IUCN the right to exclude you and any other involved bidder(s) from this and any future procurements and may constitute a criminal offence.

8. Confidentiality and data protection

8.1. IUCN follows the European Union’s General Data Protection Regulation (GDPR). The information you submit to IUCN as part of this procurement will be treated as confidential and shared only as required to evaluate your proposal in line with the procedure explained in this RfP, and for the maintenance of a clear audit trail. For audit purposes, IUCN is required to retain your proposal in its entirety for 10 years after the end of the resulting contract and make this available to internal and external auditors and donors as and when requested.

8.2. In the Declaration of Undertaking (Attachment 2) you need to give IUCN express permission to use the information you submit in this way, including personal data that forms part of your proposal. Where you include personal data of your employees (e.g. CVs) in your proposal, you need to have written permission from those individuals to share this information with IUCN, and for IUCN to use this information as indicated in 8.1. Without these permissions, IUCN will not be able to consider your proposal.

9. Complaints procedure

If you have a complaint or concern regarding the propriety of how a competitive process is or has been executed, then please contact procurement@iucn.org. Such complaints or concerns will be treated as confidential and are not considered in breach of the above restrictions on communication (Section 2.1).
10. Contract
The contract will be based on IUCN’s template, the terms of which are not negotiable. They may, however, be amended by IUCN to reflect particular requirements from the donor funding this particular procurement.

1. Introduction

The International Union for Conservation of Nature (IUCN) helps the world find pragmatic solutions to the most pressing environmental and development challenges. The institution’s work focuses on valuing and conserving nature, ensuring effective and equitable governance of its use, and deploying nature-based solutions to global challenges on climate, food and human development. IUCN supports scientific research, develops and disseminates conservation ‘knowledge products’, manages field projects demonstrating practical interventions all over the world, and brings governments, NGOs, CSOs, the UN and the private sector together to develop policy, laws and best practices. IUCN is the world’s oldest and largest global environmental organisation, with more than 1,200 government and NGO members and almost 11,000 volunteer experts in some 160 countries. IUCN’s work is supported by over 1,000 staff in 45 offices and hundreds of partners in the public, NGO and private sectors around the world. IUCN’s Eastern and Southern Africa Regional Office (ESARO) covers twenty-four countries in the Horn of Africa, Eastern Africa, Southern Africa and the Western Indian Ocean Islands.

- Outcomes two & three of the VWI, which aims to ensure that local youth action to address water-related challenges in a changing climate is formally recognised and implemented as part of official planning and programme delivery and Youth contribution to local, regional, and global water governance and management-related dialogues is the norm, not the exception.
