IUCN is a membership Union uniquely composed of both government and civil society organisations. It provides public, private and non-governmental organisations with the knowledge and tools that enable human progress, economic development and nature conservation to take place together.

Headquartered in Switzerland, IUCN Secretariat comprises around 1,000 staff with offices in more than 50 countries.
Created in 1948, IUCN is now the world’s largest and most diverse environmental network, harnessing the knowledge, resources and reach of more than 1,300 Member organisations and some 10,000 experts. It is a leading provider of conservation data, assessments and analysis. Its broad membership enables IUCN to fill the role of incubator and trusted repository of best practices, tools and international standards.

IUCN provides a neutral space in which diverse stakeholders including governments, NGOs, scientists, businesses, local communities, indigenous peoples organisations and others can work together to forge and implement solutions to environmental challenges and achieve sustainable development.

Working with many partners and supporters, IUCN implements a large and diverse portfolio of conservation projects worldwide. Combining the latest science with the traditional knowledge of local communities, these projects work to reverse habitat loss, restore ecosystems and improve people’s well-being.

Background

With a comprehensive rights-based framework underpinning its conservation and sustainable development efforts, IUCN recognizes that protecting and promoting women's rights and advancing gender equality, including through women's empowerment, are not only globally agreed imperatives in their own right, but are fundamental to fulfilling its mission. The Human Rights in Conservation Team leads efforts to advance and support gender-sensitive action across the Union, with members, and through a wide range of projects and partnerships, including a 15-year program with USAID called Advancing Gender in the Environment (AGENT). Recognizing women as agents of change, and the value of the diverse knowledge, experiences and capabilities of women and men alike, AGENT envisions a world that addresses environmental work at all levels with gender-responsive policies and actions. AGENT drives transformation toward a more sustainable and equitable future for all people.

IUCN has a longstanding trajectory in the collection and production of gender and environment data and statistics. Through AGENT, IUCN is a founder member and co-convener of the Gender and Environment Data Alliance (GEDA), together with the Women’s Environment and Development Organization (WEDO), and 17 other funding members. GEDA is a joint commitment to the Feminist Action for Climate Justice (FACJ) Action Coalition of the Generation Equality Forum (GEF). GEDA aims to improve availability, accessibility, understanding, and application of quality and robust data and information at the gender and environment nexus. By compiling and amplifying existing gender data and research and identifying gaps, GEDA supports gender-just and evidence-based environment and climate action that meets the needs of all people in all their diversity. Leveraging the wealth of knowledge of its membership composed of diverse organizations working on the intersection of gender and environment through a data lens, in 2024 GEDA aims to co-create a dashboard of gender and environment indicators to support gender and environmental practitioners,
policy-makers and researchers in the integration and operationalization of gender and environment indicators within their areas of work.

16.3 Termination for force majeure

16.3.1 The performance of this Agreement by either Party is subject to war, government regulations, epidemics, pandemics, natural disaster, strikes (excluding strikes of respective Parties’ personnel), civil disorders, curtailment of transportation facilities, embargoes, acts of terrorism, floods, earthquakes or other emergencies making it illegal or impossible for either Party to perform its obligations (“Force Majeure Event”). The Party subject to a Force Majeure Event shall promptly notify the other Party of the occurrence and particulars of such Force Majeure Event, including how it impacts the performance of its obligations under this Agreement. The Party so affected shall use diligent efforts to avoid or remove such causes of non or delayed performance as soon as is reasonably practicable.

16.3.2 This Agreement may be terminated unilaterally without compensation for any one or more of the foregoing reasons by written notice from one Party to the other.

16.3.3 Notwithstanding the above, the Parties may agree to a suspension or an extension of the Agreement as deemed appropriate. Upon termination of the Force Majeure Event, the performance of the suspended Services shall without delay recommence.

16.3.4 The Party subject to the Force Majeure Event shall not be liable to the other Party for any damages arising out of or relating to the suspension or termination of Services by reason of the occurrence of a Force Majeure Event, provided such Party complies with all the requirements under this article 16.3.

16.4 Effects of Termination

In the event of termination under this clause, IUCN shall pay the Consultant any outstanding Remuneration in respect of Services performed by the Consultant up until the effective date of termination, it being understood that the total amount payable by IUCN to the Consultant shall not exceed the Remuneration stated in article 5 of the Agreement. The Consultant shall within thirty (30) days of termination, and at IUCN’s request:

16.4.1 to the extent possible, complete the Services subject to the Remuneration made available until the date of termination and stop all ongoing activities;

16.4.2 refund to IUCN any advance payments received in excess of the total expenditure incurred as evidenced in the invoices submitted to IUCN,

16.4.3 reimburse IUCN for any expenditures made in breach of the terms of this Agreement; and

16.4.4 submit final technical and financial reports and any other materials, deliverables, works or other outputs created as at the date of termination under this Agreement.

17. APPLICABLE LAW AND DISPUTE RESOLUTION

17.1 The performance and interpretation of this Agreement will be subject exclusively to the laws of Switzerland, excluding its conflict of laws principles.

17.2 Any dispute arising out of or in relation with this Agreement that cannot be resolved amicably by the Parties or by way of mediation shall be submitted to the competent courts of Lausanne, Switzerland.
18. PRIVILEGES AND IMMUNITIES

Nothing in this Agreement or in any document or arrangement relating thereto, shall be construed as constituting a waiver of privileges or immunities of IUCN, nor as conferring any privileges or immunities of IUCN to the Consultant.

19. GENERAL PROVISIONS

19.1 This Agreement is the complete understanding between IUCN and the Consultant and replaces all other agreements and understandings in reference to the subject matter of this Agreement.

19.2 Any modification or amendment of this Agreement shall be in writing and shall become effective if and when signed by both Parties.

19.3 This Consultancy Agreement is non-exclusive. IUCN is free to consult other experts in the Consultant's field of specialization.

19.4 This Agreement is personal to IUCN and the Consultant, and neither Party may sell, assign or transfer any duties, rights or interests created under this Agreement without the prior written consent of the other.

19.5 Either Party waives all and any rights of set-off against any payments due hereunder and agrees to pay all sums due hereunder regardless of any set-off or cross claim.

19.6 All provisions that logically ought to survive termination of this Agreement shall survive.

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but all of which, taken together, shall constitute one and the same Agreement. The Parties agree that the signed counterparts may be delivered by e-mail in a ".pdf" format data file or electronic signature (e.g., DocuSign or similar electronic signature technology) and thereafter maintained in electronic form, and that in this case such signature shall create a valid and binding obligation of the party executing with the same force and effect as if
such "pdf" or electronic signature page were an original thereof.
